Data Engineering & AI

Kafka, Flink, Apache Airflow, Databricks, Keras, PyTorch, TensorFlow

Miscellaneous

HAProxy, Varnish, OAuth2, GraphQL, REST, Git, SSO (SimpleSAML)

Summary

Senior Solutions & Implementation Engineer with 15+ years of full-stack and platform delivery, integrations, and cloud infrastructure for media, education, government, and enterprise clients. Combines technical depth in CMS platforms, serverless architectures, and cloud/AI automation with client discovery, cross-functional leadership, and business outcomes. AI is a differentiator applied when it improves delivery, not a prerequisite for target roles.

Experience

DataOps & MLOps Engineer | Lead AI Architect - Nimblersoft

Feb 2025 - Present

Leading solution design and implementation of DataOps/MLOps pipelines, serverless platforms, and agentic systems that support client and internal delivery.

- Integrated Agents into the SDLC and built custom harnesses, including the Antigravity SDK, to support delivery-team implementation work.
- Engineered production RAG pipelines and agentic interfaces on Cloudflare Serverless with Zero Trust access.
- Automated DataOps/MLOps workflows with GitHub Actions and GitLab Pipelines across AWS.

Independent Developer / Contractor

Feb 2025 - Present

Designing and implementing AI-native solutions and integrations for clients and startups, tying technical delivery to customer outcomes.

- Created and deployed meli.run for running communities.
- Engineered RAG pipelines and evaluation frameworks for PafTesting/Velir CMS-migration consultancy.

Senior Web Developer - REDSpace (Canada)

Feb 2021 – Feb 2025

Worked on high-scale platforms using modern frontend and backend stacks.

- Supported major brands including [Bleacher Report](#), [NYPost](#), [Sony Channel LA](#), [NS Power](#).
-

Senior Drupal Developer – Taoti (USA)

Feb 2020 – Feb 2021

Delivered full-stack Drupal-based platforms for clients across government, health, and NGOs.

- Key projects: [WSSC Water](#), [ScentAir](#), [HFSA](#)
-

Co-founder & Software Architect – Nimblerssoft

Jan 2014 – Feb 2020

Led Drupal architecture, team training, and deployment for US and LATAM clients.

- Developed [usfq.edu.ec](#), [blackboard help](#), and more.
 - Partnered with Dilygent/Isovera, Maga Systems, and Mindsoft for enterprise solutions.
-

Drupal Lead Developer – Devsu

Feb 2011 – Dec 2013

- Oversaw Drupal development and trained developers

in Git and PHP.

- Built and maintained cotopaxi.k12.ec, quicentro.com, and others.
-

Java/PHP Developer - Oshyn Inc.

May 2008 – Jul 2010

- Contributed to the development of eamobile.com and icon4x4.com.
-

Education

B.S. Systems Engineering & Mathematics

Universidad San Francisco de Quito, 2008

GPA: 3.91/4.0

MSc in Artificial Intelligence (In Progress)

Universidad San Francisco de Quito
